VERIFIED STATEMENT OF FACTS BY DARRELL R. ANDERSON

Sir:

I, Darrell R. Anderson, declare and state as follows.

- (1) I reside at 1851 Navajo Place, Escondido 92029.
- (2) I am the same Darrell R. Anderson who was erroneously identified as the sole-inventor of the above-identified patent application.
- (3) I have reviewed the Petition to Correct Inventorship by Robin L. Teskin, including the explanation of how the error inventorship inadvertently occurred. To the best of my knowledge, this is an accurate representation of the facts and circumstances which resulted in the inadvertent omission of ^{Peter}Bill Brams, Nabil Hanna and Bill Shestowsky, as named inventors of the above-identified patent application.

(4) I further attest to the fact that each of the inadvertently omitted inventors, namely Peter Brams, Nabil Hanna and Bill Shestowsky made an inventive contribution to the subject matter of one or more claims of the above-identified patent application. Specifically, Nabil Hanna was involved in the conception of the claimed invention, and Bill Shestowsky and Peter Brams were both involved in isolation and stabilization of the subject monkey monoclonal antibodies.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.
